

BUILT FOR KENYAN BUSINESSES

One system from the shop floor to the boardroom

Retailers, distributors, service firms, schools, NGOs and institutions use LedgerBridge to sell, buy, track stock and keep their books - with every invoice signed through KRA eTIMS.

Why teams choose LedgerBridge

- ✓ **eTIMS built in.** KRA-signed receipts at every sale, credit notes, stock and purchase sync.
- ✓ **No passwords.** Staff sign in with a one-time code by email or SMS.
- ✓ **Web and mobile.** Sell, scan barcodes and capture receipts from an Android phone.
- ✓ **Roles and approvals.** Each person sees only what their role allows; every action is logged.
- ✓ **Kenyan by design.** VAT at 16%, 8% and 0%, M-Pesa, withholding taxes and KES with foreign currency.
- ✓ **Your data, separate.** Each company has its own users, devices, stock and books.

Open the brochure to see sales, e-procurement and accounting in detail.

GETTING STARTED

Live in days, not months

- 1 Book a demo**
We walk you through LedgerBridge on a company set up like yours.
- 2 We set you up**
Your company, branches, eTIMS device, items, opening stock, users and roles.
- 3 Go live**
Sell, buy and report from day one, with training for your team and support when you need it.

LedgerBridge is a product of **Smartcode Technologies Limited**.

LedgerBridge

Sell, buy and keep the books. **KRA eTIMS built in.**

The business system for Kenyan companies: point of sale, stock, e-procurement and accounting on web and mobile.

WEB · MOBILE · SUPPLIER PORTAL

By Smartcode Technologies Limited

01 · SALES AND STOCK

Sell anywhere. Stay compliant every time.

KRA eTIMS invoices

Every sale signed through your OSCU device: the KRA receipt plus a branded A4 invoice, emailed as PDF.

Point of sale on your phone

Scan barcodes with the camera, set price and discount, sell to a walk-in or named customer.

Credit notes and export invoices

Credit notes reported to KRA; zero-rated invoices in foreign currency.

Customers and collections

Receipts, allocations, aging and statements by email.

Leads and customer LPOs

A sales pipeline with a daily follow-up email, and orders tracked to completion.

Stock you can trust

Items, branches, imports and stock movements kept in step with KRA.

Sales by employee

What each person sold, split by cash, M-Pesa, card and credit.

02 · E-PROCUREMENT

From requisition to payment, with the controls auditors ask for.

Plans, requisitions and budgets

Plan the year, raise needs by department; approvals reserve budget and LPOs commit it.

RFQs and tenders

Quotations or proposals, sealed until the deadline, with questions answered online.

Evaluation committees

Conflict-of-interest declarations, weighted scoring, pass marks and a signed-off report.

Approval matrix

Signatory panels and value bands decide who must sign each LPO.

LPOs, deliveries and 3-way match

What you ordered, what arrived and what the supplier invoiced through KRA, side by side.

Supplier portal

Suppliers register, upload documents, bid and sign contracts online.

Vendor performance

On-time delivery, fill rate, ratings and incidents, scored A to D.

03 · ACCOUNTING

Books that keep themselves.

Automatic posting

Sales, purchases, receipts and payments post to the ledger as they happen.

Financial statements

General ledger, trial balance, profit and loss and balance sheet, with your logo.

Tax ready

Output and input VAT reports, withholding VAT and withholding tax.

Expense receipts, read for you

Snap a receipt: supplier, PIN, VAT and total are filled in to check, approve and reimburse.

Contracts register

Every contract in one place, with expiry and renewal reminders.

One login. Every department.

Owner, accountant, cashier, storekeeper, procurement and auditor roles come ready, and each person sees only what they need.
